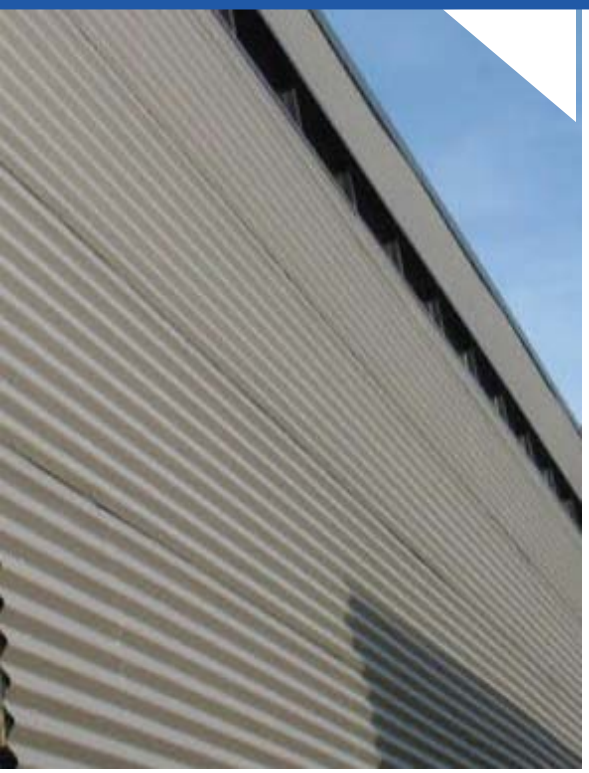
“H” SERIES WALL PANEL SYSTEM



Practical Metals offers a full line of commercial/industrial wall panels, available in a wide range of colors all in a Kynar 500® paint finish that meet specific aesthetic and corrosion resistance requirements. Architects and builders can choose from a variety of Practical Metals' economical and durable wall panel systems, suitable for use in pre-engineered metal building applications, agricultural structures, commercial buildings and industrial buildings.

“H” Series Wall Panels System

The **H-12** is a multi-purpose metal wall panel designed for horizontal and vertical applications. The H-12 Panel provides 12" of coverage and is 7/8" deep, with a fastening leg, and lock, that is concealed. The standard product offering for the H12/3 metal wall panels is 24 gauge Galvalume steel, with an ULTRA-Cool™, Kynar 500® paint finish. 22 gauge Galvalume as well as .032” and .040” Aluminum are also available by request*.

Why Use Practical Metals Horizontal Wall Panel System?

- Hidden Fasteners
- Extruded Rib Appearance
- Multi-Purpose Panel
- Available in .032” and .040” Aluminum

*Minimum order quantity applies.
